OHSEQ Management System Policy

Realf's Diving & Salvage corporate mission is to supply present and future customers with quality service that meet and exceeds occupational health and safety and environmental performance expectations and requirements.

Realf's Diving & Salvage are committed to the continual improvement of the OHSEQ Management system, and understand that service performance is achieved by:

- Maintaining Assurances to ISO 9001:2016 Quality ISO 45001:2018 OH&S and Environmental ISO 14001:2016 Management Systems;
- Continual improvement of the OHSEQ Management System;
- Ensuring the purpose and context of the organization is appropriate and supports Realf's strategic direction including the nature, scale and environmental impacts its activities, products and services;
- Ensuring set timeframes for review of OHSEQ management system objectives and planning to achieve them;
- Commitment to the protection of the environment, including prevention of pollution and other specific commitment relevant to the context of the organization;
- Commitment to fulfil compliance obligations, legal and other requirements;
- Commitment to provide safe and healthy working conditions for the prevention of work-related injury and ill health;
- Commitment to consultation and participation of workers, workers representation and where they exist;
- Commitment to eliminate occupational health and safety hazards/risks and reduce OHSEQ risks;

Communicating the OHSEQ management system policy:

- This OHSEQ policy is available and maintains as documented information, communicated to, understood by all persons inducted within the organization, interested parties and is displayed in the Company Administrators office;
- Is relevant and appropriate to the OHSEQ management system.
